

220V Level 3 Temporary Distribution Box

Overview

Designed as a Level 3 unit, it provides two 380V/400V channels and two 220V channels, accommodating a wide range of equipment from welding machines to all standard electric tools. Our temporary distribution box is engineered specifically for safe and organized power distribution on construction sites. Chat with supplier now for more details. Yueqing Beigang Industrial Socket Distribution Box is an electrical distribution device that adopts a plug-in method, which is more convenient and practical than traditional terminal wiring. Lex Products offers a full range of portable power distribution boxes and units, specifically engineered for indoor and outdoor use for the entertainment, industrial and military industries. Copper Wire: Ensures reliability and longevity of electrical connections.
