

Algeria Fiber Optic Hybrid Cable G 657A1

Overview

EasyBand® G657A1 bending insensitive single-mode fibre encompasses all the features of FullBand® fibre and provides good resistance to macro-bending. It has low macro-bending sensitivity and low water-peak levels. This method is in accordance with the rounding method of ASTM Practice E29 (Standard Practice for using significant di“Leviton is dedicated to designing, developing and manufacturing sustainable high performance structured cabling and specialty cabling solutions. ” The information contained in this document is valid and correct at the time of issue. Leviton reserves the right to modify details without notice in. ce 80 Term 10 D Impact strength White, Red, Black, Yellow, Violet, Pink,Call us on 01403 754233 PRICES ARE PER 2KM DRUM DELIVERED UK MAINLAND (+/- 5% Length Tolerance) This cable is a stranded micro loose tube cable with optical fibre placed inside robust buffer tubes stranded around a fibre reinforced plastic (FRP) central strength member. They are manufactured using LSZH cables, which conform to IEC, EIA, TIA and Telcordia standards.
