

# Are mesh cable trays affordable in Mauritius

## Article Overview

Mesh cable trays are available in Mauritius and are generally considered cost-effective for most industrial and commercial applications.

### Availability and Suppliers

Mesh cable trays are supplied by several companies in Mauritius, including MRC Wire Products Ltd, which has been operating locally since 1975, and Legrand Mauritius, a recognized provider of wire mesh cable trays for electrical and construction projects . Business directories also list additional manufacturers and suppliers, offering a range of options for buyers .

### Cost Considerations

While exact prices are not publicly listed online, mesh cable trays are typically more affordable than solid or heavy-duty steel trays, especially for standard electrical installations. Factors affecting cost include:

- Material type: Galvanized steel or powder-coated trays may cost more than standard wire mesh.
- Size and length: Longer or wider trays increase the price.
- Corrosion resistance: For marine or industrial environments, corrosion-resistant options like FRP or hot-dip galvanized steel are available but slightly more expensive .
