

Belgian Dual-Core Pigtail Fiber Supply

Article Overview

Dual-core fiber optic pigtails are available from multiple Belgian suppliers, including Norden Belgium, Mouser Belgium, and Belram, offering pre-terminated cables suitable for fusion or mechanical splicing.

Key Suppliers in Belgium

Norden Belgium manufactures and supplies fiber pigtails for permanent connections between patch panels and incoming cables. Their pigtails come pre-constructed with connectors, supporting small form factors such as LC, SC, and ST, and are suitable for dual-core configurations. Mouser Belgium offers a wide range of pigtail fiber optic cable assemblies, including dual-core options. They provide inventory, datasheets, and pricing, making it convenient for procurement and technical planning. Belram supplies high-quality fiber optic pigtails designed for fusion or mechanical splicing. Their products are compatible with fiber management equipment like ODFs, distribution boxes, and terminal boxes, ensuring reliable performance for dual-core applications.

Product Features

- Connector Types: LC, SC, ST, and other small form factors
- Fiber Types: Single-mode and multimode fibers
- Applications: Fusion splicing, mechanical splicing, and termination in patch panels
- Customization: Lengths and connector types can often be customized to project requirements
- Performance: Low insertion loss and high reliability when properly spliced
