

Burundi fiber optic sensors available in stock

Article Overview

There are currently no local manufacturers of fiber optic sensors in Burundi, but international suppliers can provide stock for shipment.

Local Availability

As of now, Burundi does not have any listed manufacturers or exporters of fiber optic sensors. This means that businesses or individuals in Burundi will need to rely on international suppliers for procurement.

International Suppliers

Several global companies offer fiber optic sensors suitable for various applications, including industrial, environmental, and scientific uses:

- AP Sensing: Provides distributed optical sensing technology such as DTS (distributed temperature sensing), DAS (distributed acoustic sensing), and DVS (distributed vibration sensing) for long-distance monitoring.
- Opsens Solutions: Offers high-performance fiber optic temperature sensors (OTG-F) for industrial, aerospace, and civil engineering applications.
- PyroScience GmbH: Manufactures fiber optic oxygen, pH, and temperature sensors with long shelf life and resistance to harsh environments.
- Optocon: Specializes in fiber optic temperature measurement systems for generators, transformers, and industrial R&D applications.
