

CT Cable Tray Manufacturer

Article Overview

Top CT cable tray manufacturers include EAE Electric, Trayco, ABB, and Atkore International, offering a range of perforated, ladder, and channel tray systems for various industrial applications.

Leading Manufacturers

EAE Electric produces the E-Line CT cable tray, a hot-dipped, perforated system suitable for medium to heavy-duty applications, designed for durability and efficient cable management . Trayco offers cable trays with integrated ends, emphasizing lightweight construction, ease of assembly, and increased capacity, which can provide up to 50% more space in certain applications compared to other brands . ABB manufactures a wide range of cable tray systems, including perforated trays, cable ladders, channel trays, and strut framing, with production facilities in Canada and Saudi Arabia. Their systems are adaptable, reliable, and suitable for medium to ultra-heavy-duty installations, supporting both new projects and refurbishments . Atkore International is recognized for industrial cable management solutions, offering standard and custom roll-formed trays, galvanized, waterproof, and fiberglass options. They provide extended warranties and global distribution, making them suitable for large-scale projects .

Additional Options

Other suppliers and marketplaces, such as B2B Headlines, list multiple manufacturers worldwide, allowing businesses to source customized stainless steel trays and compare quality, pricing, and delivery options .
