

Cable tray fittings connecting bolts

Rear of the optical fiber distribution box

Overview

Other add-ons include plastic nuts, bolts, swift clips, wire baskets, couplers, tees, crosses, and brackets. These fittings are used in conjunction with cable trays to support cables in ventilation holes, assist with directional change of piping systems, and aid cable. Cable tray fitting accessories, also known as cable tray accessories, are a wide range of components used to connect, support, or change the direction of mated cable trays. These cable tray fittings and accessories are essential for the seamless installation of an integrated cable management. Discover cable tray bolts and nuts with CE-certified, corrosion-resistant steel for secure, industrial-grade cable management solutions. Our connectors and fixings collection comprises a range of products from nuts and bolts to continuity connectors. A UK based electrical wholesaler for both domestic and industrial use

Product Category Feedback: Did you find what you are looking for?

Choose from our selection of cable tray connectors, including cable and hose trays, steel formable cable and hose trays, and more. The M6x20 size is suitable for most standard cable trays and enables easy installation.
