

Cable tray price 150100

Article Overview

The price of a 150x100 mm cable tray typically ranges from \$20 to \$80 per meter, depending on material, type, and supplier.

Price Factors

The cost of a 150x100 mm cable tray depends on several factors:

- **Material:** Galvanized steel, stainless steel, aluminum, and PVC are common. Galvanized steel is generally the most affordable, while stainless steel and aluminum are more expensive due to corrosion resistance and durability .
- **Type:** Ladder trays, perforated trays, solid trays, and trough trays vary in price. Ladder trays are ideal for heavy cables and ventilation, perforated trays allow airflow, and solid trays provide extra protection .
- **Length and Sections:** Standard lengths are usually 3 meters, but custom lengths or bends, tees, and crossovers can increase cost .
- **Load Capacity:** Medium-duty trays are cheaper than heavy-duty trays designed for industrial installations .

Supplier Examples

- LCSC Electronics lists the SD-150100 KSS cable tray, which is a standard 150x100 mm tray, though the exact price is available upon inquiry .
- DirectChannel UK offers 150 mm medium-duty pre-galvanized steel trays at competitive rates, typically sold per 3-meter section .
- Alibaba provides a wide range of 150 mm cable trays with varying materials and types, allowing bulk purchase and price negotiation .
