

Cable tray tax item

Overview

The standard cable tray hsn code and gst rate features a uniform tax level of 18%. This total percentage is split equally into 9% Central GST (CGST) and 9% State GST (SGST) for local transactions, or applied as a flat 18% Integrated GST (IGST) for interstate trade. Because cable trays are manufactured from a wide variety of base components—ranging from heavy metals to synthetic polymers—the tax department classifies them based on their raw material makeup rather than just their general utility. Accurate HSN Code classification ensures GST compliance, correct invoicing, and eligibility for input tax credit (ITC). Cable trays fall under Chapter 73 or 76 of the HSN. Search by either product name or HSN Code. While your provided data includes various “cable” related items and “machinery,” the most direct and widely accepted classification for cable trays falls under Chapter 73: Articles of iron or steel, specifically as. Explore a detailed compilation of HS Codes or HSN Codes for cable trays, accompanied by their corresponding GST rates, providing valuable information for those navigating the world of cable tray taxation.
