

Cameroon BBXMD Explosion-proof Distribution Boxes

Overview

Explosion-proof lighting distribution boxes in Cameroon are designed for hazardous environments, featuring flameproof and increased safety protection, robust construction, modular configurations, and compliance with IECEx and ATEX standards. ♦ Enclosure of the explosion-proof illumination distribution panels treated with anti-static coating and all fasteners are. The BXM (D)58 series explosion-proof distribution box is designed for safe and reliable power and lighting distribution in hazardous areas. It is widely used in industries such as oil & gas, chemical plants, offshore platforms, and dust hazardous environments.
