

Canadian cable tray models

Article Overview

Canadian Cable Tray Series include CSA-approved ladder, basket, channel, and underfloor trays from leading manufacturers like Niedax CER, T&B, ZipTray, and Unitray.

Key Canadian Manufacturers and Products

Niedax Canadian Electrical Raceways (CER) offers a wide range of cable management solutions, including cable ladders, cable trays, basket trays, channel trays, and underfloor ducts. Their products are CSA-approved, emphasizing quality, safety, and innovation. CER focuses on practical and cost-effective solutions for electricians, engineers, and architects, and they also provide collaborative development for custom solutions based on project needs. T&B Cable Tray Systems® (ABB Electrification Canada) manufactures aluminum and steel ladder trays, one-piece trays, channel trays, and ExpressTray® wire basket trays. Their facilities in Iberville, Quebec, and Edmonton, Alberta serve both Eastern and Western Canada. T&B offers customization options such as non-standard lengths, special colors, pre-drilled grounding holes, and customized rung spacing. Their Iberville plant is recognized as a global center of excellence for cable tray design. ZipTray provides a lightweight, fast-installation cable tray system that does not require drilling, making it suitable for projects where speed and simplicity are priorities. ZipTray is often compared to B-Line or Thomas & Betts systems for performance and ease of installation. Unitray specializes in aluminum cable trays and offers a comprehensive product catalogue for Canadian projects. They focus on providing durable, lightweight, and corrosion-resistant solutions suitable for various industrial and commercial applications.
