

Complete set of accessories for small distribution box

Article Overview

A complete accessory set for a small distribution box includes terminals, busbars, grounding blocks, mounting supports, protective covers, and fastening hardware.

Essential Accessories

1. Terminal Blocks and Power Terminals

- Power terminals for various cable cross-sections (1.5 mm² up to 35 mm²) for busbars and cable connections .
- Neutral (N) and protective earth (PE) terminals, including spring and screw connection types .
- End stoppers and end caps for terminal blocks to ensure safe insulation and prevent accidental contact .

2. Busbars and Wiring Bridges

- Copper or aluminum busbars for distributing power across the box .
- Wiring bridges to connect multiple terminals efficiently, available in various lengths .

3. Mounting and Support Accessories

- DIN rail mounting supports and insulating carriers for secure installation of components .
- Recessed mounting sets with claws and wall anchors for surface or built-in installation .

- Fastening angles for structural support .

4. Protective Covers and Doors
