

Custom-made cable tray mesh format quote

Overview

We provide OEM customization, engineering support, and fast quotation for EPC contractors and large distributors. Answers to common questions about wire mesh cable tray systems, materials, standards, customization and project delivery. Designed for industrial, energy and infrastructure cable. Wire mesh cable tray is a new type of cable management product, mainly used for the wiring and management of power and communication cables. It is made of steel wire, welded and surface treated to improve its durability and aesthetics. Grid cable tray has high strength, good air permeability. Patil More Exports specializes in providing customizable wire mesh cable trays for industrial clients seeking bulk quantities for export.
