

Custom-made galvanized cable trays price

Article Overview

Custom-made galvanized cable trays typically range from \$0.90 to \$15 per meter depending on material, thickness, type, and order volume.

Pricing Overview

- Hot-Dip Galvanized Cable Trays: Prices vary based on steel thickness (0.5–3mm) and tray type. Standard industrial trays are available from suppliers like Alibaba, with costs influenced by CE certification and customization options .
- Custom Perforated Cable Trays: Fully customizable trays, including dimensions, thickness, and color, are offered by manufacturers such as Shandong Hongfeng. Prices depend on material (stainless steel 304/316, aluminum alloy, or hot-dip galvanized steel) and order size .
- Wire Mesh Galvanized Trays: Bulk orders can reduce costs significantly. For example, Guangdong Yuchang offers wire mesh trays at approximately \$0.90 per meter for large orders, while premium suppliers like Shanghai Besca Industrial charge higher rates for specialized configurations .
- Pre-Galvanized Steel Trunking: Pre-galvanized options, made from Q195 or Q235 carbon steel, are generally more cost-effective than hot-dip galvanized trays but still provide rust resistance and durability .
