

Distribution Box HDM

Overview

The HDM304 splits a single HDMI input (max 8m) into 4 HDMI outputs allowing for full 1080P HD, 3D or 4K (30Hz) video images to be viewed on monitors up to 8m away. The Cable Matters 4K A/V Extender over Cat6 with IR Control is the ideal solution for connecting HD or 4K display equipment in remote locations. Supports 2x 4K 30Hz televisions up to 131 feet apart or 1080p televisions at up to 230 feet apart. This is achieved through the use of HDMI distribution equipment such as switchers, splitters, matrix switches, and distribution amplifiers. We have a range. Xantech HDMI distribution solutions are engineered for powerful and future-ready operation in residential & commercial AV applications, delivering seamless integration with any control system and exceptional performance in every installation. Ideal for a commercial environment.
