

Dpx distribution box

Overview

Adapter capacity 2 SC SPX or 1 LC DPX. 4 entries for Subscriber cable (for apartments), 4,5 mm Wall box for use outside single family homes and townhouses. The box serves as the separator for indoor and outdoor cabling in the FTTH-network. When working with fiber optic cables, especially during tests or when working with lasers, protective goggles should always be worn to protect against harmful radiation. Legrand distribution boards deliver safety, modularity, and reliable power management across residential, commercial, and industrial environments. The enclosed front panels allow the. The compact size of the 8 way DB box makes it an excellent choice for smaller spaces while maintaining effective power distribution. Quick and hassle free. The new DPX3 range of MCCBs is one of a series of Legrand solutions for providing improved protection and control of all your low voltage installations.
