

Durable Distribution Box Jumper Wires

Overview

Durable wiring: Reliable jumper cables for long-term electrical connections. (AEI) solid-wire jumper boxes are specialized enclosures designed to significantly simplify the process of distributing power or signals in industrial environments. This solution addresses the common field challenge of manually jumpering terminal blocks, which can be. Package includes: the flexible breadboard multi-coloured jumper cable contains 840 jumper wires in 14 different lengths. Premium and durable: the 840 pieces.
