

Electrical Distribution Box Component Installation Price

Article Overview

The total cost for installing an electrical distribution box, including components and labor, typically ranges from \$150 to \$2,000 depending on type, capacity, and features.

Cost Breakdown

Residential Distribution Boxes:

- Standard single-phase boxes for homes generally cost \$150 to \$1,500, including the panel enclosure, breakers, wiring, and professional installation .
 - Factors affecting price include amp rating, number of circuits, wire gauge, and labor complexity .
 - Basic plastic boxes are the most affordable, while metal, weatherproof, or deep boxes can increase costs by 30–60% .
- #### Commercial and Industrial Boxes:
- Larger three-phase or industrial-grade boxes can cost \$1,000 to \$2,000 or more, especially when including high-quality internal components like busbars, surge protectors, and smart monitoring systems .
 - Stainless steel or weather-resistant enclosures are recommended for harsh environments, which adds to the price .
- #### Installation Costs:
- Labor is a significant variable, influenced by region, accessibility, and complexity of wiring .
