

# Empty surface-mounted distribution box

## Overview

Robust empty housing for modular devices, made of ABS and polycarbonate. The integrated PU seal protects against moisture and dust (IP65). The door of the case opens up to 180° for convenient access. Protection class IK10 makes it shockproof and ideal for demanding environments. The empty electrical enclosures are housings designed to accommodate electrical components such as circuit breakers, earth leakage switches and control modules to protect your electrical circuits. These boxes come in a range of sizes to suit the configuration of your installation, from 1 to 4 rows. Schneider Electric - Opal mini - distribution box surface-mounted - IP 30 - 8 modules - Color: White, Protection class (IP): IP30 | ref:13398 - 3303430133988 - www. Supplied mounting. Small distributor for surface mounting, for the current sub-distribution in interior and exterior areas, according to IEC 439-3. Transparent cover to screw on, with cut-out. High-strength doors, reinforced locks and flexible wall mounting ensure maximum security and easy installation - perfect for individual. JIAHUI WISH (ZHEJIANG) SMART ELECTRIC CO.
