

Fcsc fiber optic patch cord armor

Overview

The patch cords provide sturdy interconnectivity to active equipment, passive optical devices and cross-connects. offers a complete selection of armored fiber optic patch cables designed for durability, flexibility, and reliable performance in the most demanding environments. Built with a rugged steel armor layer, these cables are engineered to resist crushing, impact, and rodent. With FC to SC connectors, the FCA-S1SR-FCSC-01M fiber patch cable from L-com is ready for deployment in any single mode OS1 9/125 network. The Armoured cable features an interlocked stainless steel tube taped over a buffered fibre, which is surrounded by a layer of aramid yarn and an outer jacket to better protect the cable.
