

Fiber Optic Cable Construction and Laying in the Philippines

Article Overview

The Philippines is rapidly expanding its fiber optic infrastructure through nationwide terrestrial and submarine projects, led by both private companies and government-supported initiatives.

Key Companies and Contractors

Several companies are actively involved in fiber optic cable construction and deployment in the Philippines:

- Philippines Fiber Optic Cable Network Ltd. (PFOCN) operates a nationwide underground fiber optic network designed for resilience and disaster readiness, offering flexible infrastructure sharing and 24/7 maintenance services .
- BSPT Construction Corporation specializes in telecommunication infrastructure, including aerial and underground fiber optic cable works, and has executed major projects for Globe Telecom, PLDT, and Huawei across Luzon, Visayas, and Mindanao .
- Fibercom Telecom Phils., Inc., Streamtech Systems Technologies, Inc., Horizon Gateway Corporation (Horizon Fiber), and Cable Link and Holdings Corporation are key players in fiber optic manufacturing, FTTH deployment, and high-speed internet services, providing end-to-end solutions from planning to maintenance .
