

Fiber optic box terminal box exterior wall

Overview

IP65-rated waterproof outdoor fiber optic terminal box with 4 to 24 port capacity. UV-resistant ABS or PC housing designed for FTTH, FTTB, and pole/wall-mount installations in exterior environments exposed to weather, humidity, and temperature extremes. It's where delicate strands are protected, splices are routed, connectors are exposed for patching, and future changes are made painless—or painful. A fiber optic terminal box — also called an FTB or fiber termination box — is the endpoint where incoming fiber cables are terminated, spliced, and connected to patch cords leading to user. Available with 1,2,4 fibres Pre-connectorized cable Multiple lengths available Easy to through tube Protection against any risk of interference with the laser beam Security in connection cord retention The reliability of the grip of the socket on the wall DIN rail mounted application Support fiber. CommScope wall boxes offer efficient fiber connectivity. Easy installation, versatile sizes, and superior cable management. Compact &. UnitekFiber's waterproof FTTH terminal box is made of high strength plastic, UV-resistant, water resistant, suitable for indoor and outdoor wall and pole mounting and overhead installation.
