

Fiber optic patch panel lc flange

Overview

This guide explains the LC connector family and the main LC cables, adapters, attenuators and patch-panel configurations used in optical networks. What Is an LC Fiber Optic Connector?

LC is a small-form-factor fiber optic connector developed by Lucent Technologies. 25 mm ferrule and a familiar latch mechanism. L-com's fiber patch panels are constructed from the highest quality cold rolled steel and have a tough black powder coat finish. 06 cold-rolled steel with durable black powder coat. FibrePlus 1RU 19-inch fiber optic patch panels have been designed to optimize both the internal fiber management and add greater fiber density, constructed from mild steel with a black powder-coated paint finish.
