

Fiberglass cable tray fixing brackets

Overview

We offer various fiberglass cable bracket designs, including Screw-Type Molded Brackets for secure fastening, Embedded Molded Brackets for flush installations, Foldable Molded Brackets for easy storage and transport, and Dobby Combined Molded Brackets for adjustable configurations. It provides stable support for tray sections, helps maintain alignment, and supports safe installation. fiberglass cable brackets come in various types, each suited to specific applications and environments. Ladder trays are among the most common, featuring a design that resembles a ladder with rungs supporting the cables. This type is ideal for heavy-duty applications due to its robust construction. SFSP-INTECH Fiberglass Reinforced Plastic Cable Management System is designed, manufactured, and tested to be installed in most harsh environmental conditions of onshore and offshore facilities for several industries including Oil and Gas, Petrochemicals, Manufacturing, Mining and others. Our cable trays are produced in fit for purpose materials like stainless steel, galvanized, aluminium and fibreglass (FRP/GRP) composites to suit any project type both offshore and onshore. We also. Introducing our cutting-edge Cable Tray Support Brackets, crafted from premium glass fiber reinforced with Sheet Molding Compound (SMC) technology.
