

Fully Intelligent High-End Power Distribution Cabinet

Overview

Covering a wide power range including configurations up to 250A with up to 48 branch circuits, this cabinet combines advanced monitoring, protection, and modular design principles to ensure uninterrupted, high-quality power delivery. Juhonkia is an intelligent power distribution manufacturer providing reliable power distribution equipment for data centers, industrial facilities, commercial buildings, communication rooms, infrastructure projects, and critical power systems. Our intelligent power distribution product range. XL-21 Power Distribution Cabinet Product Overview The XL-21 Power Distribution Cabinet is a high-performance Distribution Cabinet designed for power distribution systems with AC voltage of 550V and below, supporting three-phase three-wire. Design your power solution using a variety of configuration options. Available in capacities ranging.
