

Hanging Optical Distribution Box

Overview

Secure and simplify your FTTH network deployments with our Hanging Outdoor Fiber optic Distribution Box, designed to be the central hub that seamlessly connects feeder cables to drop cables for up to 16 individual subscribers. Its standout unique buckle design ensures technicians can open and close. Wherever glass fiber connections have to be installed in a harsh environment - in offices, industry or Fiber-to-the-Building/-Home customer access networks - high demands are made on the value and flexibility of the distributor housing and easy access whilst installation and maintenance. Its IP68 protection, integrated fiber management, and support for PLC splitters make it ideal for both indoor and outdoor deployments. The Optical Fiber Distribution box. Consulting, design, deployment, integration, development, operation, optimization CommScope offers a complete line of easy-to-use access terminals, copper and fiber splice closures, patch closures and accessories to speed deployment. We no longer actively offer this product.
