

High-density rack-mount PDU42U in stock

Overview

Industry-leading, high-density 0U mounted PDU that provides 24, 42 or 48 evenly distributed outlets on a 42U chassis. Its low-profile circuit breakers are flush with the chassis, and its narrow, single-wide (2 in.) width provides multiple mounting options. With market-leading cybersecurity, global approval and versatility within deployments, the Rack PDU G4 is ideal for data center managers seeking to streamline PDU procurement and management. The power distribution unit, also known as a pdu, provides a rack mountable power solution to 19" cabinets and racks. Available for purchase in quantities as low as 1 unit for wholesale, ideal for server cabinet power distribution. Customizable Dimensions: Available in 1U, 1. High IP Rating: IP65 rating ensures protection against dust and water jets in various environments.
