

How much does a 3M fiber optic splice box cost

Article Overview

The on-site price of 3M fiber optic splice boxes varies widely depending on model, capacity, and installation requirements, typically ranging from \$100 to several hundred dollars per unit, excluding labor.

Product Types and Features

3M Fibrlok Mechanical Splices

- Designed for splicing 250 μm or 900 μm coated fibers without electrical power.
- Fast, permanent splices using a metallic splicing element inside a thermoplastic body.
- Temperature range: -40 to 167°F (-40 to 75°C) for outdoor durability . 3M Fiber Optic Splice Closures

- IP68-rated waterproof enclosures suitable for FTTH, 4G, and wireless networks .

- Modular designs with capacities from 48 fibers up to larger units for expanded networks .

- Fully mechanical locking system, tool-less assembly, and compatibility with both fusion and mechanical splices .

- Designed for exterior installation: manholes, poles, walls, or other cable joint locations . 3M BPEO and SLiC Closures

- Modular and tool-less, supporting express, branch, or drop splicing configurations .
