

How much does a ladder-shaped cable tray cost in Dubai

Article Overview

Ladder-type cable trays in Dubai typically cost between AED 150 to AED 500 per meter, depending on material, size, and finish.

Price Factors

The cost of ladder cable trays varies based on several factors:

- **Material:** Common materials include pre-galvanized steel, hot-dip galvanized steel (HDG), stainless steel 316, and marine-grade aluminum. Stainless steel and aluminum are more expensive due to corrosion resistance and suitability for outdoor or coastal environments .
- **Size and Load Capacity:** Wider trays or those designed for heavy-duty loads cost more. Standard spans are usually 2.5–3 meters, and rung spacing affects strength and price .
- **Finish and Coating:** Powder-coated trays or custom RAL colors for extra protection or color-coding increase the price .
- **Accessories:** Elbows, tees, reducers, covers, clamps, and supports add to the total cost .
- **Customization:** Custom widths, heights, thicknesses, and bends require fabrication and may increase lead time and cost .

Supplier Options in Dubai

Several suppliers provide ladder-type cable trays in Dubai:
