

How much does polymer cable tray cost

Overview

Cable tray pricing depends on materials, coatings, size, supplier margins, and order quantity —plus hidden costs like shipping and installation. This guide breaks down everything buyers need to know, from price trends to cost-saving tips. That number matters, but it's rarely the one that decides whether a project stays within budget. The real cost shows up later, during installation, during upgrades, and during the first few years of operation. But the actual price is the cash outlay to the workers to assemble the parts. The average cable tray price per meter ranges from \$2 to. Wireways and cable trays price structures are dominated by material costs, which account for 60-70% of total project expenses. Steel wireway systems typically fall in the \$8-20 per foot range, while aluminum variants command premiums of \$12-30 per linear foot due to corrosion resistance properties.
