

How much does stainless steel cable tray cost in Zimbabwe

Article Overview

Stainless steel cable trays in Zimbabwe are available from local suppliers, but prices vary and must be confirmed directly with vendors.

Price Overview

Stainless steel cable trays are generally considered cost-effective over the long term due to their durability, low maintenance, and long lifespan . While exact prices are not publicly listed online, suppliers such as Jeetmull Jaichandlall and Wire Meshes Zimbabwe recommend contacting them directly to obtain current quotes . Standard steel cable trays, for comparison, are priced around USD 27-30 for a 225mm x 2.4m tray, which can give a rough benchmark for stainless steel, though stainless steel is typically more expensive due to material quality .

Factors Affecting Cost

- **Material Grade:** Higher-grade stainless steel (e.g., 304 or 316) increases cost but improves corrosion resistance.
- **Tray Size and Width:** Larger or custom-sized trays cost more.
- **Supplier and Location:** Prices may vary between distributors like Electro Sales, Steel Centre International, and specialized stainless steel suppliers .
- **Quantity and Bulk Orders:** Purchasing in bulk may reduce per-unit cost.
- **Installation Accessories:** Supports, brackets, and fasteners may add to the total cost.
