

Huijue Distribution Box System Identification

Article Overview

Huijue distribution boxes are modular, intelligent cabinets designed for telecom, energy storage, and smart city applications, with multiple series tailored for outdoor, underground, and integrated energy solutions.

Overview of Huijue Distribution Boxes

Huijue Group produces a wide range of distribution and energy storage cabinets that integrate power supply, backup systems, monitoring, and protection for communication and energy infrastructure . These systems are designed for telecom base stations, data centers, smart buildings, and microgrid applications . The cabinets are engineered to withstand harsh environments, offering IP68 protection for underground units and robust outdoor solutions that are waterproof, dustproof, and corrosion-resistant .

Key Series and Identification

- Outdoor Cabinets
- HJ-OBC-S Series: Outdoor battery cabinets integrating telecom equipment, power supply, environmental monitoring, and lightning protection .
- HJ-OEC Series: Outdoor electric cabinets with integrated cooling, power distribution, and backup systems .
- HJ-BSC-B Series: Base station cabinets designed for telecom infrastructure with full system integration .
