

Junction box tips and pricing

Article Overview

Junction boxes typically cost between \$10 and \$450, with installation adding \$100 to \$300 depending on type, material, and location.

Cost by Material and Type

- Plastic junction boxes are the most affordable, ideal for indoor wiring, and range from \$5.80 to \$61.60 depending on size and brand, such as Polycase or Lowe's offerings (\$13-\$63) for standard models .
- Metal junction boxes are more durable, suitable for conduit systems or areas requiring extra protection, and generally cost more than plastic boxes .
- Weatherproof or NEMA-rated boxes for outdoor use are the most expensive, ranging from \$70 to \$450, due to added sealing and corrosion resistance .

Installation Costs

- Installing a junction box typically costs \$100 to \$300, including labor and materials .
- Complex outdoor installations or large boxes can increase costs up to \$1,000, factoring in weatherproofing and additional wiring .
- Labor rates vary by location and complexity, with electricians charging \$50 to \$130 per hour, plus potential trip fees of \$100 to \$200 .

Factors Affecting Total Cost

- Box Size: Larger boxes (e.g., 12"x12") cost 3-5 times more than small 4"x4" boxes .
- Location: Outdoor, garage, or underfloor installations are more expensive than standard indoor wall-mounted boxes .
