

Kenya Fiber Ethernet Switch 10G

Overview

It features 8× 10G SFP+ ports for high-speed fiber connections and 1× Gigabit Ethernet port for management or uplink use. Built with a dual-core processor and RouterOS or SwOS support, it delivers powerful switching performance with low latency and high throughput. The MikroTik CRS309-1G-8S+IN is a compact, high-performance managed switch designed for professional fiber network environments such as data centers, enterprise backbones, and ISP infrastructure. With support for both RouterOS and SwitchOS, it offers flexibility for advanced routing or optimized. Are you facing network congestion, longer response times, and low productivity with your current 1GbE switches?

A 10GbE switch will help overcome these challenges. This is. Buy network switches at best prices in Kenya from brands such as Ubiquiti, Tp-link, Mikrotik and D-link. Choose from a variety of sizes such as 8 port. 10G Ethernet Ports: Equipped with four 1/2. 3bt PoE++ to deliver up to 60W per port, suitable for high-power devices like UniFi Access Points and BaseStation XG.
