

Kyrgyzstan Huijue Fiber Optic Patch Cord Manufacturer

Article Overview

Huijue fiber optic patch cords are manufactured in China, and in Kyrgyzstan, they can be sourced through local distributors or IT solution providers.

About Huijue

Shanghai Huijue Network Communication Equipment Co., Ltd (HJ Network) is a leading manufacturer of fiber optic products, including patch cords, MPO cables, pigtailed, and telecom cabinets. Their headquarters and R&D center are in Shanghai, with a mass production facility in Jiangsu province covering 50,000 square meters . Huijue products are known for high-quality optical performance and are widely used in telecom, data centers, and enterprise networks.

Availability in Kyrgyzstan

While Huijue does not have a manufacturing facility in Kyrgyzstan, local distributors and IT solution providers supply fiber optic products, including patch cords and AOC cables. For example, Swakshi Simplifying Networks operates in Kyrgyzstan, offering fiber patch cords, DAC cables, PON SFPs, and other optical transceivers. They provide quality-checked products, customized solutions, and adhere to international standards . This makes them a practical option for sourcing Huijue or equivalent fiber optic components locally.

How to Procure

- **Contact Local Distributors:** Reach out to companies like Swakshi Simplifying Networks to inquire about Huijue-branded patch cords or compatible alternatives.
