

Laos Cable Tray Prices

Article Overview

Cable tray prices in Laos vary depending on material, type, and supplier, with options available from local manufacturers and international suppliers.

Price Overview and Suppliers

Cable tray prices in Laos are influenced by material type (steel, aluminum, FRP), design (ladder, perforated, solid-bottom, or channel trays), and load capacity. Local suppliers such as Brilltech Engineers offer standard and customized cable trays at affordable prices, catering to industrial and commercial needs . Watana Wire & Cable Company provides competitive pricing for high-quality copper, aluminum, and PVC cable trays, with free shipping in Vientiane for orders above 5,000 baht . Global B2B platforms like ExportHub and Trademo list multiple Laos-based manufacturers and suppliers, allowing buyers to compare prices, shipment options, and product specifications . For example, ExportHub connects buyers directly with local manufacturers, facilitating bulk orders and custom designs. Alibaba also provides a price list for various cable tray types, including ladder, perforated, solid-bottom, and channel trays, which can serve as a reference for cost planning .

Factors Affecting Price

- **Material:** Stainless steel and carbon steel are more expensive but suitable for heavy-duty applications; aluminum and FRP are lighter and more cost-effective.
- **Tray Type:** Ladder trays are ideal for high-capacity runs, solid-bottom trays offer maximum protection, perforated trays balance ventilation and protection, and channel trays are compact for small bundles .
