

Layer 2 managed switch with 24 electrical ports and 4 optical ports

Overview

It has 24* 10/100/1000 POE ports and 4* GE SFP ports that allow for high speed connection. This switch supports IEEE802. This switch is perfect for large networks that require. The IKS-G6524A Series is equipped with 24 Gigabit Ethernet ports. The IKS-G6524A's full Gigabit capability increases bandwidth to provide high performance and the ability to quickly transfer large amounts of video, voice, and data across a network. Moreover, the switch also comes equipped with 4 combo SFP slots, expanding your. Expands Gigabit Ethernet connectivity in medium and large PoE networks that need to easily route network traffic with visibility to manage the data streams.
