

Level indicator LD520 laser diode

Overview

LD-520-110SG is a direct emitting, GaN based, 520 nm green laser diode in 3.8 mm TO-Can without monitor photodiode. It offers single transverse mode emission and >100 Mhz modulation bandwidth. It is an efficient radiation source for many applications like laser projection or. uring. The integrated pointfinder (viewscreen) shows the target on the d splay. Important paragraphs which must be adhered to in practice as bols above they enable the product to be used in a technically correct and Navigation Function efficient manner. screen Return / Equal Add / Clear / Off Subtract LD 520. We have 1 Stabila LD 520 manual available for free PDF download: User Manual Stabila LD 520 Pdf User Manuals. Green Laser Diode, LD-520-50MG Datasheet, LD-520-50MG circuit, LD-520-50MG data sheet : ROITHNER, alldatasheet, Datasheet, Datasheet search site for Electronic Components and Semiconductors, integrated circuits, diodes, triacs and other semiconductors.
