

Lithuanian Single-Mode Fiber Optic Manufacturer

Article Overview

Skaidula JSC and Fiber Optic Devices Ltd. (FOD) are leading Lithuanian manufacturers of single-mode fiber optic connectors.

Skaidula JSC

Founded in 1989, Skaidula is one of Lithuania's largest telecommunication companies, specializing in fiber optic technologies and network solutions . The company produces high-quality single-mode and multi-mode fiber optic connectors using Swiss DIAMOND equipment, which ensures precise metal-ceramic ferrules and extremely low insertion loss (0.1 dB) with minimal reflections . They offer a wide range of connector types, including SC, LC, FC, ST, MTRJ, E2000, SMA 905, MPO, MU, and APC variants, and can provide custom cable lengths and configurations for simplex or duplex applications . Skaidula also supplies ODF panels for fiber distribution and network management.

Fiber Optic Devices Ltd. (FOD)

FOD, located in Vilnius, Lithuania, is an employee-owned company founded in 1991 that provides complete fiber optic solutions for OEM and end-user markets . They specialize in single-mode fiber optic components, connectors, and test & measurement solutions, investing heavily in R&D to maintain high optical performance and compliance with international standards such as RoHS and REACH . FOD offers customized connector assemblies and globally competitive solutions suitable for telecom, industrial, and data network applications.
