

Manufacturer s 8-core optical distribution box

Overview

Our 8 Core Fiber Optic Distribution Box is designed for high-performance FTTx networks, offering secure and efficient cable management. It supports SC/LC adapters, PLC splitter installation, and fiber splicing, making it ideal for indoor or outdoor FTTH applications. OTRANS strives to provide you with professional, reliable. The 8 core FIB-WMP-008 optical fiber box is in accordance with the industry standard requirements of YD/T2150-2010. It's mainly used in FTTX access system terminal link. The box is made of high strength PC plastic alloy injection molding, which has good sealing and aging resistance. These series of boxes provide solid protection.
