Article Overview

Leading Middle East manufacturers of industrial and security switches include Mecon Electricals, Euroswitch Middle East, and Legrand, offering high-quality, certified, and customizable solutions for industrial applications.

Key Manufacturers and Suppliers

Mecon Electricals is a prominent switchgear manufacturer, assembler, and distributor in the Middle East. They specialize in MV and LV electrical power solutions, emphasizing robust, resilient designs suitable for industrial and security applications. Their products comply with IEC, BS, ALPHA, and ASTA standards and are authorized by major regional authorities such as ADWEA, DEWA, FEWA, and SEWA. Mecon also integrates intelligent systems for remote monitoring and optimization, making them suitable for modern industrial security systems . Euroswitch Middle East focuses on customized industrial switches, including proximity and application-specific switches. Their design team provides tailored solutions to ensure seamless integration into industrial and security systems, offering complete technical support for bespoke requirements . Legrand has a strong regional presence with over 30 years of experience. They provide a wide range of switches, sockets, dimmers, and lighting control systems suitable for industrial, commercial, and security applications. Legrand emphasizes customization, high-quality materials, and user-friendly designs, along with engineering and installation support .
