

# Photovoltaic charging module kit manufacturer

## Article Overview

Leading manufacturers and suppliers of photovoltaic charging module kits include Victron Energy, Phaesun, CCL Components, and Longi-certified partners.

### Key Manufacturers and Suppliers

Victron Energy offers a wide range of solar charge controllers, MPPT inverters, and hybrid chargers designed for off-grid, mobile, marine, and industrial applications. Their products integrate seamlessly with battery banks and provide features like remote monitoring, solar forecasts, and efficient power conversion, making them ideal for complete PV charging solutions .

Phaesun specializes in pre-configured PV kits and individual components for off-grid and hybrid systems. They supply modules, batteries, inverters, controllers, cables, and mounting materials. Phaesun works with over 50 global manufacturers, including Victron, Phocos, Steca, and Weco, offering both complete kits and modular solutions for business customers such as installers, OEMs, and NGOs .

CCL Components is a distributor of renewable energy equipment, including solar panels, inverters, energy storage, and EV chargers. They provide products from leading brands like SolarEdge, SMA, Solis, and Trina, catering to domestic, commercial, and industrial PV projects. Their stockholding and delivery network ensures timely supply for EPCs and solar installers .
