

Plastic Fiber Distribution Box Supplier

Article Overview

Leading manufacturers of plastic fiber distribution boxes include Bwnfiber, Gcabling, LinkStar Microtronics, and OTRANS, offering durable, high-quality solutions for FTTx and FTTH networks.

Key Manufacturers and Features

Bwnfiber is a professional manufacturer based in China, producing high-strength plastic fiber distribution boxes made from ABS+PC or polypropylene (PP). Their boxes integrate fiber splicing, splitting, distribution, storage, and cable connection in one compact, UV-resistant, and rainfall-resistant enclosure. Bwnfiber supports multi-opening designs and accommodates PLC splitters, splice trays, and adapter ports, making them suitable for diverse optical network projects worldwide. Gcabling offers a wide range of fiber distribution and terminal boxes with high-strength, corrosion-resistant materials. Their products are waterproof (IP65-IP68), SGS-certified, and come with a 15-year warranty. Gcabling provides OEM/ODM support, fast shipping, and technical assistance, making them a reliable choice for last-mile network cabling. LinkStar Microtronics manufactures plastic distribution boxes compatible with SFF, cassette, and blade-type splitters. Their FDB-WM-P series supports 4-48 fiber cores, with bilayer structures for splicing and distribution. These boxes are lightweight, easy to transport, and suitable for outdoor, corridor, or weak current silo installations. OTRANS specializes in industrial fiber optic distribution boxes for indoor and outdoor FTTx deployment. Their boxes use high-impact ABS+PC materials, are IP65-rated, and offer flexible mounting options on walls, poles, or inside cabinets. OTRANS provides 1-24 core FDB boxes and ODF cabinets, ensuring durability, environmental protection, and ease of installation.

Considerations for Choosing a Manufacturer
