

Price List for Fiber Optic Cables Coverage

Overview

Fiber-optic cable materials typically cost \$1 to \$6 per linear foot, depending on fiber count and cable type. Commercial building installations with 100-200 network drops generally range from \$15,000 to \$30,000. Main cost drivers include cable grade (indoor vs outdoor, armoured), distance, and labor for trenching, splicing, and termination. This guide presents ranges in USD and practical price estimates to help. Fiber optic cables are essential components in today's broadband, FTTx, and data center networks. AT&T Fiber is available in parts of San Francisco, CA. Check fiber availability at your address to see which plans and speeds are offered in your area.
