

Price list of steel cable trays in Laos

Article Overview

Steel cable trays in Laos typically range from \$10 to \$50 per meter, depending on material, size, and type.

Overview

Steel cable trays are widely used in industrial, commercial, and telecommunication installations in Laos. They are available in galvanized, pre-galvanized, and stainless steel variants, with options including ladder-type, perforated, and wire mesh trays. The price depends on the material quality, dimensions, and load capacity.

Typical Price Range

- Galvanized steel trays: \$15–\$50 per meter, depending on thickness and width.
- Wire mesh trays: \$10–\$30 per meter, suitable for light to medium cable loads.
- PVC-coated or pre-galvanized trays: \$12–\$35 per meter, offering corrosion resistance for humid environments.

Factors Affecting Price

- Material: Stainless steel is more expensive than galvanized steel due to corrosion resistance.
- Dimensions: Wider and deeper trays cost more due to higher material usage.
- Customization: OEM or custom sizes may increase cost.
- Supplier and Brand: Established manufacturers like Brilltech Engineers Pvt. Ltd. offer ISO-certified products, which may be priced higher but ensure quality.
