

Price of Metal Enclosed Cable Trays

Article Overview

Metal cable tray prices typically range from \$2 to \$25 per meter, depending on material, type, size, and surface finish, with bulk orders offering significant discounts.

Price Overview

- **Per Meter Pricing:** The average cost of metal cable trays ranges from \$2 to \$25 per meter, influenced by material, tray type, width, height, and surface finish. Galvanized steel is the most common and cost-effective, stainless steel is more expensive due to corrosion resistance, and aluminum is lightweight but pricier than steel. Plastic trays are cheaper but unsuitable for heavy loads .
- **B2C vs B2B Pricing:** Retail prices for small-scale purchases (e.g., Amazon) range from \$15 to \$34 per unit, while wholesale or bulk orders (e.g., Alibaba) can range from \$0.80 to over \$76 per unit, depending on size and customization . Bulk orders can reduce costs by 20%–40% .
- **Supplier-Specific Rates:** For example, M.G. Cable Industries in Mumbai lists coupler plates for 25/50 mm trays at ₹16 per piece and for 75/100 mm trays at ₹30 per piece, with GST and delivery charges extra. Minimum order quantities typically apply, such as 50 meters .

Factors Affecting Price

- **Material Type:** Steel (cheapest), stainless steel (most expensive), aluminum (lightweight), plastic (budget-friendly).
- **Surface Treatment:** Hot-dip galvanizing (HDG) and powder coating increase durability and cost.
