

Price of extra-large electrical distribution boxes for construction sites

Article Overview

Large electrical distribution boxes for construction sites typically range from \$200 to over \$1,500 depending on capacity, features, and supplier.

Pricing Overview

- **Small to Medium Boxes:** Pre-wired boxes with 4-6 outlets and 60A capacity can cost around \$200-\$400 on platforms like Amazon, featuring waterproof ABS plastic enclosures and circuit breakers for safety .
- **Heavy-Duty or High-Capacity Boxes:** Industrial-grade metal boxes with three-phase connections, multiple branch circuits, and compliance with IEC standards can range from \$800 to \$1,500 or more, especially when customized for specific construction site requirements .
- **Wholesale Options:** Suppliers like Alibaba offer bulk pricing for construction distribution boxes, which can reduce per-unit costs significantly for large orders .

Key Features Affecting Price

- **Material and Durability:** Metal enclosures (sheet steel) are more expensive than thermoplastic but offer higher impact resistance and longer lifespan .
- **Capacity and Circuit Protection:** Boxes with higher amperage ratings, multiple branch circuits, and integrated circuit breakers cost more .
- **Waterproofing and Safety Ratings:** IP65-IP67 rated boxes for outdoor use are priced higher due to enhanced protection against dust, water, and weather .
