

Qatar Low-Voltage Distribution Box

Article Overview

Low-voltage (LV) power distribution boxes in Qatar are available from leading manufacturers and suppliers such as Al Dana Switchgear, Q-Tec Switchgear, Switchgear International, and WOW Electricals, offering high-quality, certified solutions for commercial, industrial, and residential applications.

Key Suppliers and Manufacturers

Al Dana Switchgear is a prominent Qatari manufacturer providing complete turn-key solutions for electrical power systems, including LV distribution boxes. They focus on quality, reliability, and sustainability, offering custom-designed panels, integrated power control systems, and full testing and commissioning services. Q-Tec Switchgear WLL, established in 2010, manufactures LV and MV switchgear for critical applications. Their products cover power generation, distribution, control, and protection, with a state-of-the-art manufacturing facility in Mesaieed, Qatar. Q-Tec emphasizes compliance with industry standards and certifications, ensuring safe and reliable LV distribution solutions. Switchgear International is a certified EcoXpert LV panel builder by Schneider Electric, authorized to design, assemble, test, and supply LV power distribution switchboards and motor control centers. They provide ISO-certified, high-quality LV panels suitable for various sectors in Qatar. WOW Electricals supplies and distributes LV switchgear from top brands like ABB, Legrand, Eaton, Schneider, Siemens, and Mitsubishi. Their LV switchgear includes fuses, circuit breakers, and disconnect switches, providing protection, isolation, and fault-clearing capabilities for commercial, industrial, and residential installations.
