

Ring network fiber optic switch with serial port

Overview

The switch provides 2 Gigabit SFP optic ports, 4 Fast Ethernet ports, and 4 RS232/422/485 serial ports. This switch adopts an industrial redundant ring network design, where each device has two fiber optic ports to form a ring network. The MSW-1208-FO equips with 6 Fast Ethernet ports and 2 fiber ports, and it features rich layer 2 managed functions such as. Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to-performance ratios. Our comprehensive portfolio includes unmanaged switches, managed switches, PoE switches. The TC3340 Redundant Gigabit Ethernet Switch Substation is a rugged, cost-effective networking solution for both industrial and commercial fiber networks.

Ethernet Switches

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened

Estink SFP Ethernet Fiber Optic Switch, 1000m Ethernet Fiber Optic ...

Product description SFP Ethernet Fiber Optic Switch, 1000m Ethernet Fiber Optic Transceiver, 4 Optical Ports 2

Multi-Drop Ethernet Fiber Optic Switch

The TC3720 10/100M 6-Port Self-Healing Ring Ethernet Switch is a low cost solution for linking multiple

Industrial grade 1-4 RS232/422/485 serial port fiber

The OX-SRDRQ1-4G industrial grade data ring network optical transceiver provides 1-4 RS232/422/485

Industrial Media Converter

ORing's industrial media converters seamlessly interconnect Ethernet and fiber optic networks, delivering long-distance, interference

Managed Redundant Ethernet Switch

It offers a wide range of advanced networking features including Self-Healing Ring capability, VLAN, QoS,

IFGS-620TF Industrial Ring Ethernet Switch | Planet

Fiber Optic Link Capability Enables Extension of Network Deployment The IFGS-620TF's two SFP ports

Fiber Optic Network Switches

12-Ports Plastic Optical Fiber Switch -- LN-2312P-2G-2XGF from Larch Networks The POF switch directs data traffic between your

Managed Din-Rail 4-Port Gigabit Ethernet + 2-Port

The redundant ring network structure reduces data signal transmission risks and simplifies

8-Port Managed Ethernet Switch / Redundant-Ring

The MSW-1208 is a rugged, fan-less, industrial-grade, managed 10/100M Ethernet switch (layer 2) to fiber

Fiber Optic Ring Network Design Explained:

Learn how to design a fiber optic ring network with practical diagrams, topologies, and

Smart City

The PE-LIGHT-S is a combination of a fiber optic splice box and a 4 port Gigabit managed Ethernet switch with PoE (Power over

Redundant Fiber Optic Networking Modules for PLC Networks

OCR This is not an IT switch. This is a networking module that control engineers can support, built for PLC networks, built for

GAOTek Ring Network Switch

GAOTek ring network switch adopts industrial rail design, 16 GE + 4 OPTIC network switch is a new

Industrial 8-Port Managed Ethernet Switch / Redundant-Ring Fiber

The MSW-1208-FO (SM/ST) is a rugged, fan-less, industrial-grade, layer 2, managed 10/100M Ethernet switch that supports star,
