

SC to ST fiber optic adapter

Overview

This SC-ST Hybrid Adapter converts your equipment's SC connector into an ST connector, allowing you to connect SC-ST fiber optic fibers together. Fiber optic adapter (also called fiber optic coupler), is a medium designed to connect two fiber optic cables or fiber optic connectors. Black Box USE This ST to SC Adapter Coupling for MULTIMODE and SINGLEMODE Applications. IT PROFESSIONAL GRADE - Our SC to ST Fiber Adapters are tested and perform daily on client sites. They are used to bridge the gap between a cable to cable fibre connections and sometimes known as a mating sleeve or a hybrid adapter. Fiber optic's advantages over copper cabling are well known immunity to EMI and RFI, low attenuation over long distances, high bandwidth capacity, smaller size and lower weight. The L-com FOA-MM-SCM-STF is designed for use with multimode fiber.
